E-LEARNING COURSE

ECOSYSTEM SERVICES AND PRODUCTS: FROM IDEAS TO BUSINESS

The first international course that helps you value nature!

An online course providing continuous interaction with top international professors, experts and company directors specialized in the fields of forestry and ecosystem services and products.

The course guides you to create innovative business ideas in the following sectors:

- natural capital
- economic evaluation
- sustainable investments
- wild forest products
- payment for ecosystem services
- forest certification
- carbon market
- ecotourism

WHEN & WHERE?

The e-learning course will run from **October to December 2017**,
on **Moodle's e-learning platform**.

APPLY NOW on Ecostarhub.com/e-learning-course

The course has been established in partnership with **4 international Universities** (*Padova, Politécnica of Madrid, Manchester and the University of Brasov*) and with the support of several business partners and experts.

The course is available for:

> MSc & PhD students

> Consultants & Entrepreneurs

CONTENT

The e-learning course has a total of 150 learning hours including up to 40 hours of e-modules (*about 8-10 hours per week and from 3 to 7.5 ECTS credits, depending on the University*).

The lessons are in English and they include tutoring, exercises, discussion forums, groupwork and much more.
